This job aid outlines the steps necessary to obtain a listing of a Principal Investigator’s Institutional Proposals (IP). These IPs can be searched by Date Submitted and Sponsor Type (External/Internal). Please note the results and the data associated will be for the date range searched.

**HOW:**

1. Visit and log into [https://bi.itservices.msu.edu/](https://bi.itservices.msu.edu/)

2. Select **Research Administration**.
3. Select University RA Reports.

5. Select Proposal Form D - RA028

6. Complete the following report prompts:
   a. Enter a Date Range based on the Institutional Proposal submission date (or OSP accepted date)
   b. Select a Sponsor Type (either External or Internal). Note that Internal proposals will display if the Unit running the internal competition required the Institutional Proposal to be routed in the KC Research Administration system.
   c. Select a Form Type (either Official or Detailed- see below for a description of the added fields in the detailed report)
   d. Enter a Principal Investigator name in the Keywords field and click Search. Select the Principal Investigator's name from the search results in the Choice field.
7. Select **Finish** to run the report.
